**Mr. Arthur W. Coviello Jr. |** Executive Chairman (Retired), RSA, The Security Division of EMC

---

**The 2015 International Conference on Cyber Engagement:**

*Enhancing Cooperation Across Digital Borders*

is presented by:

**Georgetown University’s Master of Science in Foreign Service CyberProject**

Founded in 2009, the CyberProject was created in recognition of the global nature of cybersecurity challenges. The Project supports the university’s broad offering of cybersecurity related courses with additional events, such as hosting international scholars and speakers throughout the year; and supporting students who wish to pursue a career in cybersecurity and international affairs, both public and private, with advice and opportunity.

The mission of the CyberProject through the Annual International Conference on Cyber Engagement is to help transform the way we operate to continuously improve our ability to enhance international cooperation on cybersecurity issues by being at the forefront of scholarly debate and practical applications in the field of cybersecurity, creating the best environment for the open exchange of diverse ideas. Our aim is to contribute to the advancement of international collaborative solutions to the diverse cybersecurity challenges the international community faces.
